xx xx

As regards the grant of loans to members of Milk Supply Societies for construction of houses, Cowsheds, etc., I submit that so far loans were granted to milk supply societies only for purposes such as purchase of milch animals and motor vehicles. I think that it is not quite necessary to grant loans for any other purposes such as construction of cattle sheds, manure pits and much less for houses of the members. If any member of a milk supply society is in a position to build a house with some financial assistance, he may join a cooperative house building society or a Rural Housing Society and obtain loans for the purpose.

Memo No 609 D Pub(RDP II)/55-2 dt 29/10/55

Community Projects – South Kanara – Milky Cooperative Milk Supply Society – Loans to members for the construction of cowsheds and manure pits and houses for members

Ref (A) From the P.E.O. Mangalore
Ref C.No 5088/RC dt 10-3-55
GOMS No 2315 Pub(RDP II) dt 25/7/55

An extract from the letter No Re 11858/55-5 dt 1-5-55 from the R.C.S. is communicated to the P.E.O. Mangalore. In the circumstances reported therein by the R.C.S, the Govt consider that no provision need be made for the grant of loans for the issue of loans under the Rural Housing Scheme sanctioned in GOMS No 2405 Pub(RDP) dt 4-12-54 to Milk Supply Societies either for the construction of cowsheds and manure pits or for the construction of houses for the members through the Milk Supply Societies.

Sub: Co-operative Milk Supply Societies - Moolky Co-operative Milk Supply Society - Request

xx

Public (RDP.II) Dept.

To A.S.

Please see the notes from p. 1 ante. The file has been sent to this Dept. with reference to request No.8 on p. 1 ante. The remarks of the Registrar on this request will be found at S on p. 12 c.f. It has been separately proposed that the loans under the Rural Housi Scheme sanctioned in G.O.Ms.No.2405 Public (RDP.) dated 4.1.2.54 should be granted to the members of the Milk Supply Societies for the construction of cow sheds and manure pits. As pointed out by the R.C.S. it is not desirable that loans under the above scheme should also be made available through the Milk Supply Societies for building houses when the object of the society is entire different. Relevant extracts will however be taken from this file and examined in the file referred to at S abov

(TRUE EXTRACT)

TOAS

Please see the extract from letter No R.C. 11852/55-T dated 1-5-55 from the R.C.S at p.1. ct and the extract of notes at p.1. above.

1 The question for consideration in this file is whether any provision should be made for the issue of loans to members of Milk Supply Societies for the construction of cowsheds and manure pits under the Rural Housing Scheme Sanctioned in G.O. Ms No 2405 Pub (RDP) dated 4-12-54. In his letter dated 22-2-55, the President of the Mulky Cooperative Milk Supply Society in South Kanara dt requested the grant of a loan of Rs 15000/ from out of the C.P. funds for disbursement to the members of the Society for construction of cowsheds and manure pits. The R.C.S who was consulted in the matter reported that there was no provision in the bylaws of the Milk Supply Society for the issue of loans for the

construction of cowsheds and manurepits and that provision might be made for the issue of such loans on the conditions laid down in GoMS No 2405 Pub (R D P) dt 4-12-54. This dept accordingly proposed that the orders contained in the above Go might be amended suitably so as to make provision for the grant of loans to members of Milk Supply Societies for the purpose mentioned at 'A' above.

3 In his letter No R.C 11852/55-T dt 1-5-55 addressed to the D.L.C dept the R.C.S has stated that loans have hitherto been granted to Milk Supply Societies only for purposes such as purchase of milch animals and motor vehicles and that it is not quite necessary to grant loans for any other purposes such as construction of cattle sheds, manure pits and much less for houses of the members. He has further

stated that if any member of a Milk Supply Society is in a position to build a house with some financial assistance, he may join a Cooperative House building Society or a Rural Housing Society and obtain loans for the purpose. It will thus be seen that the R.C.S is not in favour of issuing loans to members of Milk Supply Societies for the construction of cowsheds and manure pits, even though he recommended in his letter No R.C 46722/55 T dt 6-4-55 (referred to at 'M' on pp 2-3 ante) the grant of such loans on the conditions laid down in GO MS No 2405 Pub (Dev) dt 4-12-54. It is submitted that the members of Milk Supply Societies will also be individually eligible for the grant of loans contemplated in the GO referred to above, provided they comply

with the Rules appended to that G.O. In the above circumstances it does not seem necessary to amend G.O.Ms No.2405 Pub (RDP II) dt 4-12-54 in this regard as suggested at 'Z' on f 5 NF of (A). The P.E.O. Mangalore may be informed accordingly. For orders.

4. D.L.C may see for remarks.

6-9-55

7/9/55

D.S / Ad.S

Nobody disputes that the members of the milk Supply Society can individually apply for loans contemplated in Go No. MS. 2405, Pub (RD) dt 4.12.54, but those loans are only for building houses. The Society has not asked for loans for building houses but loans for Constructing Cowsheds and manure pits - see page 1 Cf (A). What is the request No & referred to

at 'A' on page 1 above?

CPG
9.9.55

Request

The report referred to at A on p. 1 above is that loans for the construction of houses under the Rural Housing scheme sanctioned in G.O.Ms.No.2405 Public (RDP) dated 4th December, 1954 may be made available through the Milk Supply Society as in the case of loans for the purchase of milch animals - please see M. on p.9 c.f. of (H) - The remarks of the Registrar of Cooperative Societies on this request will be found on p.1 c.f. It is seen that the R.C.S. is not in favour of the grant of loans to Milk Supply Societies either for the construction of cow sheds and manure pits or for the construction of houses for the members through the Milk Supply Society.
